Experimental Stream - Production

Applicant(s)	Project Title	Language	Region	Platform	Project Type	Funding (\$)	Description
2237933 Ontario Inc.	Sceneverse	English	TO	Internet, Mobile	Application	\$1,000,000	Lead by Canadian punkers, Sceneverse is a new social, mobile, online and augmented reality experience that will redefine how people "make" culture on the Web. It is the first media platform dedicated to supporting and enabling cultural "scenes". An easy and fun way for people to celebrate, commemorate and coordinate all of their digital and non digital "sceneing" activities.

Financing Sources : Definitions

2904802 Canada Inc.	Bot Colony	English	MTL	Internet	Game	\$1,000,000	Bot Colony players will learn or improve English skills as an integral part of gameplay in this online adventure.
Bight Interactive Inc.	Sallywags	English	PEI	Internet, Mobile	Game	\$269,352	Sallywags players will explore the world as they hunt for treasure in this pirate-themed geocaching adventure.
Btwxt Games Inc.	Swarm! The World!	English	BC	Internet, Mobile	Game	\$800,000	Swarm! The World! players will acquire, nurture, and trade armies of swarms to capture, fortify, hold, and grow their territories.
CBC	Kids' CBC Augmented Reality	English	TO	Internet	Alternate Reality Game	\$434,400	Kids' CBC children will explore augmented reality and will interact with 3D images rendered on screen by their own movements through a webcam and digital marker.
Herd Inc.	Herd	English	TO	Internet, Mobile	Application	\$599,250	Herd is a brand new mobile application and community platform created for locationbased music discovery and social connectivity. Herd streams geo-tagged, GPSEnabled music files to a community which can then share songs based on location. It provides a revolutionary user experience that lets artists and labels reconnect with an audience that has the power to virally spread their music.
Hungry Eyes Film & Television Inc.	Music Biz	English	TO	Mobile	Game	\$585,000	In the Music Biz application, players build their own music label into three main areas: developing artists and managing their careers, producing music, and selling records. The game gives users the opportunity to stage world tours, create merchandise and movies, and even design their own clothing label. A community will also be built, giving users the ability to share their music with each other and "Like" it. Music Biz utilizes very simple touch screen controls so that experienced users feel in control, but its intuitive design will enable anyone to play.
Inspirado Games Inc.	Garden Mind	English	BC	Internet	Game	\$100,000	GardenMind players complete brain training challenges and actively support real-world philanthropic causes to grow their virtual garden.

Interdimensional Games Inc.	Consortium, Pilot Episode Zenlil	English	BC	Internet, PC	Game	\$500,000	Consortium is the world's first 3D interactive TV series and is pushing the boundaries of interactive storytelling and character development.
Jet Black Games Inc.	Sketchpad Plus	English	BC	Game Console	Game	\$240,169	Sketchpad Plus enables users to draw basic to complex designs on their Nintendo DS using unique smooth line drawing technology.
MoboVivo Inc.	Previiv	English	AB	Internet	Application Software	\$430,725	Previiv is a social TV platform that enables broadcasters and producers to seamlessly combine the active engagement of social media with the more passive experience of traditional TV viewing, allowing audiences to interact with TV shows using the web, mobile apps, iPads, and Smart TVs, and share clips on social media, blogs, and affiliate websites.
My City Lives Inc	My City Lives Mobile Project	English	TO	Mobile	Application	\$586,686	With My City Lives Mobile, users can learn about places to visit in the city through a growing library of geo-tagged videos contributed by the user community.
ODD1 Inc.	ODD SOCIETY ONLINE	English	MTL	Internet	Game	\$311,250	ODD SOCIETY ONLINE will be a massively multiplayer online game (MMO) where players will collaborate to combat enemies and to build a highly stylized fantasy world.
Peace Point Entertainment Group Inc.	Olson Anytime Anywhere Recipe Maker	English	TO	Mobile	Application	\$302,093	With Olson Anytime Anywhere Recipe Maker users, under the tutelage of Anna and Michael Olson, will generate recipes based on specific ingredients available to them in their kitchen.
Shaftesbury Big Break Inc.	BIG BREAK	English	TO	Mobile	Application	\$639,044	Big Break consists of 13 original live-action 'appisodes' featuring entertainment, music, celebrity and performance themes where tweens can create their own content and share it with others within a fully moderated community.
Smokebomb Entertainment Inc.	URL	English	TO	Mobile	Game	\$787,500	URL is a sci-fi mystery series blending first rate storytelling and animation with interactive gaming, all released in eye-popping glasses-free 3D for 3D friendly mobile platforms. Capitalizing on Spatial View's 3Dee Slide technology, mobile

devices can quickly be transformed into a 3D platform. Shaftesbury Films and Smokebomb Entertainment, working with Starz Animation, will fill these screens with an actionpacked thriller that puts the viewer directly into the story via integrated gaming, giving them control over how the story unfolds, all targeted at the early adopter market of males/females aged 18 to 34.

Totally Random Productions Inc.	Totally Random	English	ON	Internet	Website	\$750,000	Totally Random will enable kids to engage with each other in an online playground where they will create and share youthful, random ideas.
VeriCorder Technology Inc.	Hyper Local Network	English	BC	Interactive TV	Application	\$471,138	Hyper Local Network allows users to create videos, including video ads, and to post them automatically to IPTV sites administered by APTN. The Hyper Local Network system will also automate the creation and posting of video ads into the content stream, monetizing the site.
Xenophile Media Inc.	Time Tremors	English	TO	Internet, Mobile	Game	\$295,000	Time Tremors is a mobile and online game for kids aged 7-12—a multi-dimensional, multi-platform Treasure Hunt in which players explore space, time and alternate dimension to hunt, collect and trade a range of mysterious and bewildering Relics known as The Time Elements.
