 **Belle-Baie**

Launch Video  

Belle-Baie is shaken by the decline of an industry that everyone believed unwavering: fishing. A way of life, fishing is embedded in each family in the community and the threat of its disappearance creates uncertainty and anxiety among its inhabitants.

Francophone Minority Program

Approved convergent applications for the Francophone Minority Program as of March 31, 2011 are listed below. Committed funds from the program total \$9.2 million for television components and \$427 thousand for digital media components against a budget of \$9.8 million. Approved Francophone Minority Program Development applications can be found with other Development program results.

Approved applications are shown with the title of the convergent project, the applicant production company, region of production, project component viewing platform, the second platform meeting the convergence criteria, the content type of the digital media component, and the amount committed to each component. If the digital media component receives no funding from the CMF, it will not appear on this list. For inter-provincial co-productions, the region of control reflects the residence of the majority co-producer and the location of principal photography.
